

User Guide

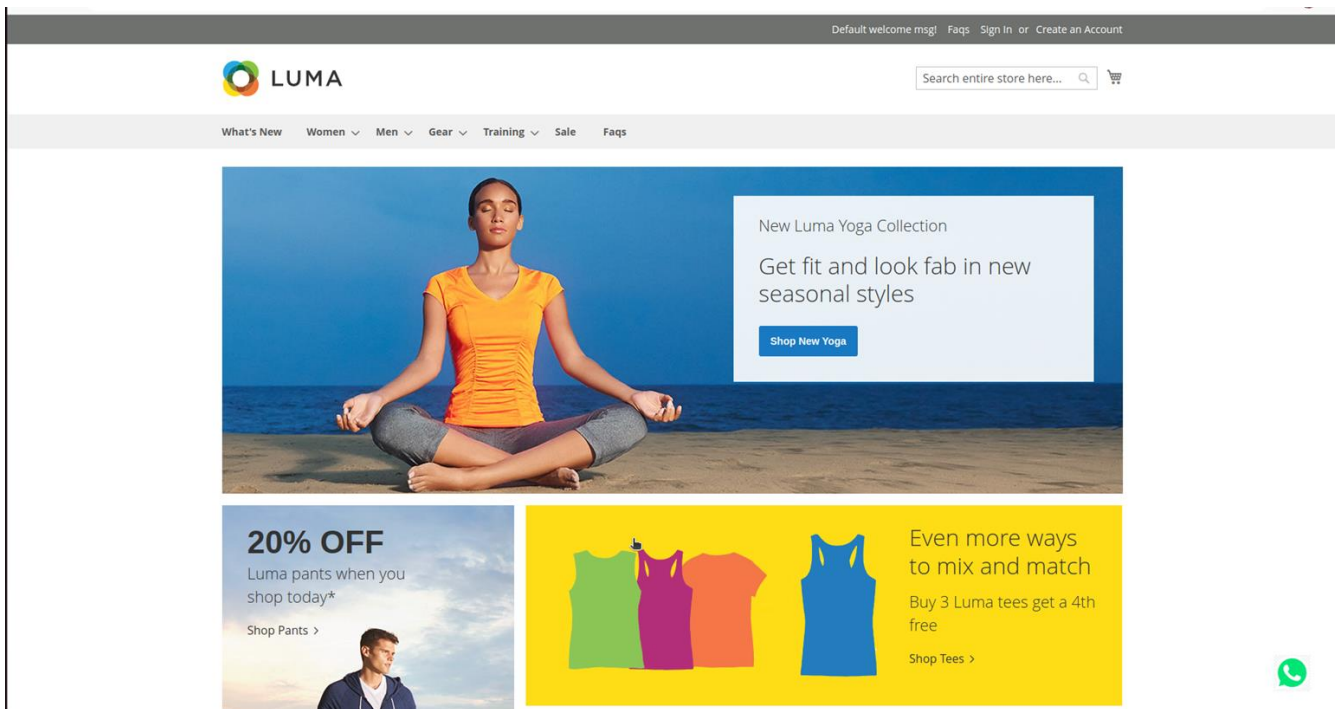

In Admin panel you need to enable this module under

store > configuration > Bluethink > WhatsApp Chat

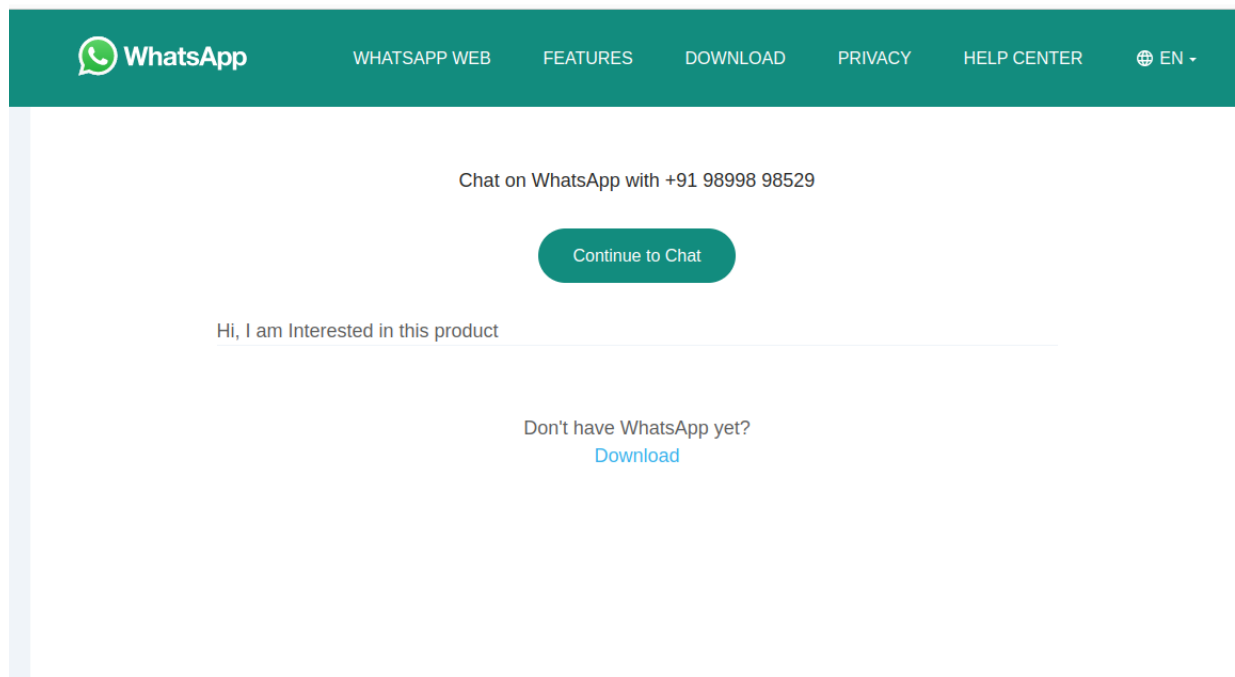

There are few options to set whatsapp number, default message, select whatsapp chat icon position on page and upload whatsapp icon that will shown on page for whatsapp chat module.

The screenshot shows the Magento Admin Panel Configuration page for the WhatsApp Chat module. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Seller, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Partners & Extensions. The main content area is titled 'Configuration' and shows the 'WhatsApp Chat' module configuration. The 'Module Enable' dropdown is set to 'Yes'. The 'WhatsApp Number' field contains '+919899898529' with a note: 'Full phone number in international format. Example: +6285xxx'. The 'Message' field contains 'Hi, I am interested in this product' with a note: 'Pre-filled message that will automatically appear in the text field of a chat'. The 'Select WhatsApp Chat Button Position' dropdown is set to 'Bottom Right'. The 'Upload WhatsApp Icon' section shows a 'Choose File' button, a note 'No file chosen', and a 'Delete File' link. The footer contains the Magento logo, copyright notice 'Copyright © 2022 Magento Commerce Inc. All rights reserved.', and version information 'Magento ver. 2.4.5' with links to 'Privacy Policy' and 'Report an Issue'.

On frontend you are able to see Whatsapp Icon on page on the basis of set position in admin panel.

Where use will click on Whatsapp Icon whatsapp will open on page

After click on continue to chat whatsapp is ready with set default message on admin to send.
